About

Apsalt Technologies Pvt Ltd was founded in 2011 with an objective to provide Information Technology Infrastructure management service across the globe. Our area of expertise is spread across software development, web designing, ERP Solutions and e-commerce solutions. Apsalt Technologies Pvt Ltd always commits to achieve consistent reliability, efficiency, and performance of the products and services. We at Apsalt Technologies Pvt Ltd integrate our skills with the customer's requirements to achieve desirable results.

Mission

Our mission is to enhance the business growth of our customers and deliver outstanding results to customers. The priority which tops our list is customer satisfaction and we make sure the customers achieve the highest levels of return from their investment with Apsalt.

Vision

Our vision is to become a global software company. Through our innovative technologies, we help companies maximize their business dreams. Apsalt plans to develop and grow as a major IT service provider to provide quality web and software development solutions in the global marketplace.

CEO & Director, Reju R P

At Apsalt, we believe in providing the best products and services to our customers. We are committed to innovation and teamwork and we never compromise on quality of our products. A business operation mainly consists of 3 components - People, Product and Profit. Here at Apsalt, People come first.

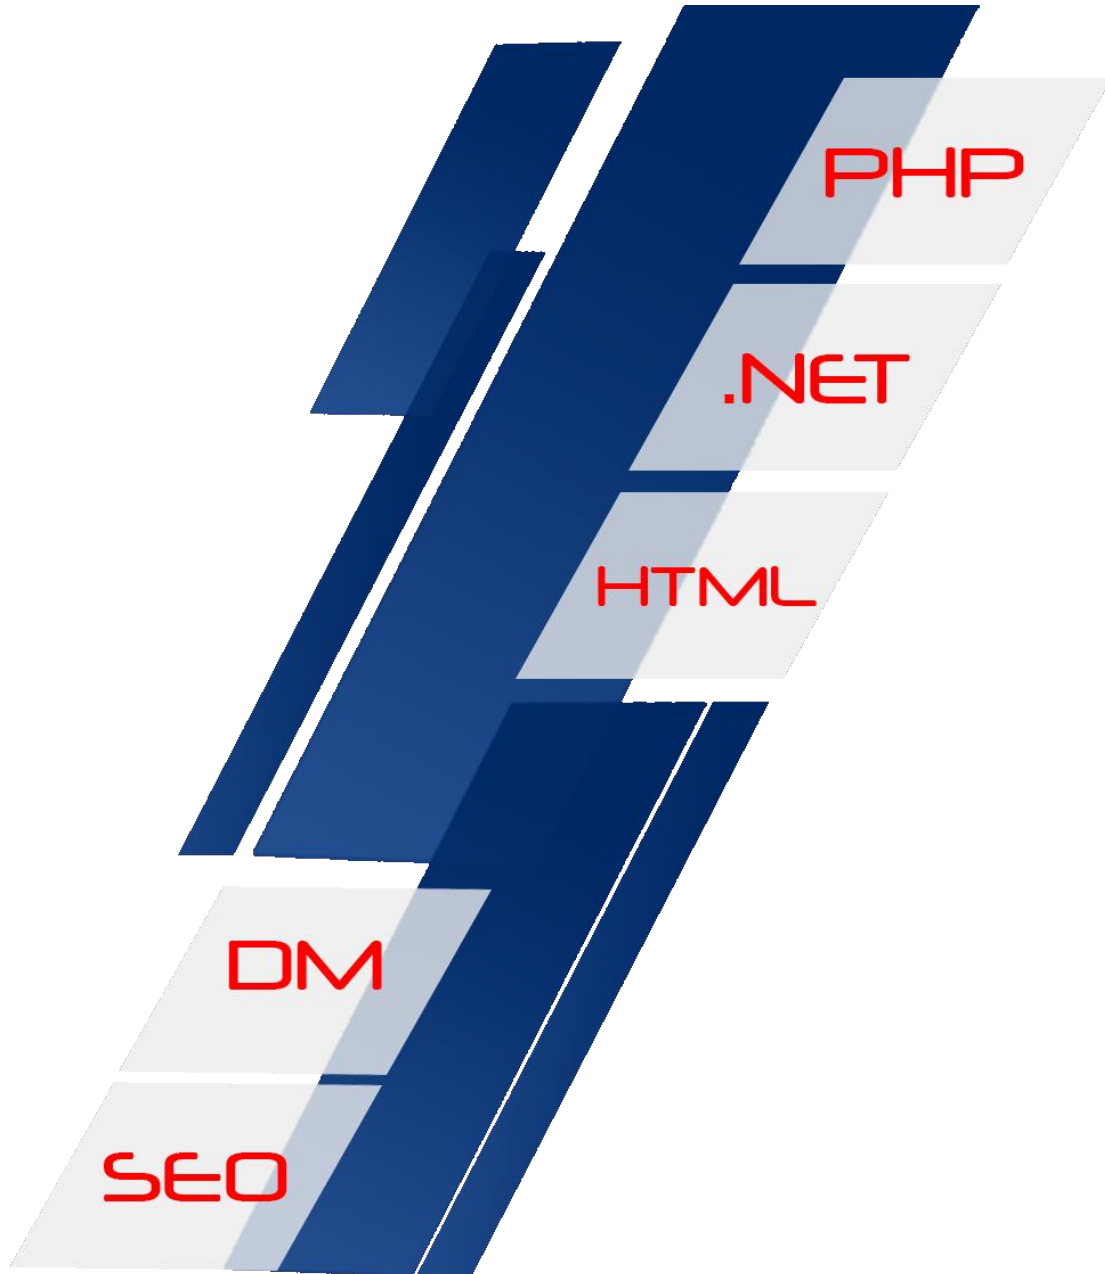

Reju R P
CEO & Director

Director, Anu V S

The objective of Apsalt is to exceed customers expectations by providing outstanding services to customer through innovations which are created by our team of talented employees. We believe that our customers' satisfaction and thus their loyalty are our success.
